### **Pt. Appreciation Program**

You won't believe it! Our office has found a way that we can reward you for your kindness in referring new patients to us.

We will give you \$50.00 towards your next treatment for each person you refer to our office and who becomes a patient. You will also be entered in a contest to win a trip to **Hawaii** at the end of the year! Each patient referred gets you an entry.

At the San Mateo Center for Cosmetic Dentistry, we want our patients to know the value we place on referrals. Even if you would rather apply your \$50.00 towards a charity of your choice, a shopping gift card from your favorite store, or even CASH, it's your choice.

Our goal is to become a 100% referral based practice. That means we prefer ALL our NEW patients come from our EXISTING patients being so

impressed with the level of service we provide, that they want to tell their friends about us.

If you have any questions about how to start receiving your referral rewards, just call Michelle. (650) 342-9016 M-TH 7am-3pm

### **Mills Medical Center Talk**

On September 9<sup>th</sup>, Dr. Wong and Dr. James Newman, Facial Plastic Surgeon, gave an informative lecture to over 100 enthusiastic guests. The topic was "**How You Can Have Your Own Extreme Makeover**". Dr. Newman spoke on topics such as; Botox, Collagen, Laser treatments and both surgical and non-surgical ways to enhance your appearance. Dr. Wong presented the latest advancements in cosmetic dentistry. Stay tuned to read about where we will be talking next, and with whom Dr. Wong will team up with for his Bay Area Extreme Makeover contest!

**GUESS WHAT?** If you like our scented candles, you can now buy them in our office. Just ask us how!

### **NTI Device Relieves Migraines**

We have had an incredibly high success rate in dramatically decreasing or in some cases eliminating headache pain, using custom made dental splints. With the FDA's approval of the new "NTI Splint" many headache sufferers can now experience significant relief when problems with their chewing muscles are suppressed or eliminated. Dr. Wong is trained in the diagnosis and treatment of headache pain related to bite patterns and can identify the existence and severity of the problem.

If you or someone you know suffers from headaches, muscle or jaw pain, you owe it to yourself to look into this treatment. Call us for a complimentary consultation.
