3rd Annual Cosmetic Extravaganza**

Dr. Wong in Vancouver, British Columbia

Coming up in April, Dr. Wong will be traveling to Vancouver to attend the American Academy of Cosmetic Dentistry's Scientific Session. This is the key cosmetic dentistry continuing education seminar of the year. The theme of the weeklong seminar is "Picture Perfect, Revealing the Beauty Within."

Dr. Wong will be in the company of the best in the industry...the best cosmetic dentists, dental labs and even dental products. He will be attending lectures and participating in hands-on workshops. "I feel that it is essential that I keep up with the latest improvements and advanced techniques in the industry. I love learning about all the new materials and gadgets", says Dr. Wong.

Be sure and ask about the latest and greatest that he learned while in Vancouver during your next appointment at our office!

Is your smile as white as you would like it?

Smiles for Life is Back!

We are whitening smiles again April 1st Through June 30th with \$50 off the Whitening Kits and all proceeds go to children's charities. It's not often that you have the chance to help others while helping yourself. If not for yourself, give a gift certificate to a friend. **Call today and get a whiter smile by tomorrow!**

From our Hygiene Specialist Elyse Vaysberg

What is Sonicare??? If you want to make fighting the tooth bugs easier and more effective, then invest in an electric ultrasonic toothbrush. Dr. Wong, Michelle and I all use and love the Sonicare Elite toothbrush. It not only makes brushing more efficient with its two-minute timer, but the ultrasonic action actually eliminates more bacteria than a manual brush. Freshen up your smile with an amazing new toothbrush. Available in our office!

Coming up...Cosmetic Makeovers

Dr. Wong will be teaming up with Bay Area Parent Magazine to participate in their Mother's Day Makeover contest. Unfortunately, the winners have already been chosen. Look at how we transformed the contest winners in the May and June issues.
